I. Policy:

It is the policy of Bon Secours St. Mary's Hospital School of Medical Imaging (SOMI), which provides higher education in nursing, to administer federal financial aid in accordance the requirements of Title IV - Higher Education Act of 1965, as amended (Title IV Regulations).

II. Purpose:

The purpose of this policy is to establish roles and responsibilities, internal controls, procedures and deadlines for administering Title IV Financial Aid funds. SOMI is required to comply with all Title IV Regulations as a participant in Title IV programs. Continued access to Title IV Financial Aid funds is a vital resource for SOMI students as a means to finance their education.

III. Scope

This an institutional policy that applies to all students who utilize Title IV Financial Aid programs that are administered by SOMI, including Federal Pell Grant and Federal Direct Loans (Subsidized, Unsubsidized and PLUS).

IV. Policy Details

A. **Designation of a Responsible Party**

The SOMI Dean of Finance is responsible for monitoring compliance with the requirements of this policy and applicable Title IV Regulations.

B. **Title IV Programs**

POLICY

Title IV Financial Aid programs that are administered by SOMI include Federal Pell Grant and Federal Direct Loans (Subsidized, Unsubsidized and PLUS). To participate in Title IV Programs, students are required to complete and submit the Free Application for Federal Student Aid (FAFSA) annually. Eligibility to participate in Title IV Programs is determined from the FAFSA output report to the student in the form of the Student Aid Report (SAR) and SOMI in the form of the Institutional Student Information Record (ISIR). Student responsibilities as participants in Title IV Programs are further outlined in Section F of this policy.

C. **Need-Based Federal Financial Aid**

Need, sometimes referred to as Financial Need, is determined by Title IV Regulations as a student's Cost of Attendance (COA), as published annually by SOMI, less Expected Family Contribution (EFC), which is determined by the Central Processing System (CPS) and included on the SAR and ISIR. Need is the basis on which many Financial Aid awards are based including, but not limited to Federal Pell Grant and Federal Direct Subsidized Loans. In rare circumstances, the Financial Aid Office may use Professional Judgement to adjust a student's Need, which is further discussed in FA3 -Federal Financial Aid Programs Administration.

D. **Federal Pell Grant**

A Federal Pell Grant is a grant that provides Need-based grants to low-income undergraduate and certain post-baccalaureate students to promote access to postsecondary education. Federal Pell Grant amounts are determined by the Federal Pell Grant Program Disbursement Schedule, which is published annually by the Department of Education (ED), in conjunction with the student's COA, EFC and Enrollment Status. Annual Federal Pell Grant award limits are published in the SOMI College Catalog annually.

Federal Pell Grants are typically awarded by Award Year and are disbursed in two (2) disbursements, one in the Fall and one in the Spring Semesters. In certain circumstances, students may be eligible to receive a third disbursement, during the Summer Semester. Such Year-Round Pell awards

POLICY

are packaged and disbursed not to exceed 150% of the published maximum, annual Federal Pell Grant limit, in accordance with Title IV Regulations.

There is a Lifetime Eligibility Usage (LEU) limit of six hundred (600) percent. The Financial Aid Office monitors Pell LEU, which is also indicated on the SAR/ISIR, and has established internal controls to prevent Pell Grant awards in excess of 600% LEU.

Students who are Pell Grant eligible and have an estimated Title IV Credit Balance indicated on the Student Account may qualify for a Book Advance as further defined in FA2 -Book Advance policy.

Should attendance not be recorded in all scheduled course(s) and non-attendance causes the student's Enrollment Status to change, the Federal Pell Grant amount will be recalculated. In addition, the Financial Aid Office will recalculate Federal Pell Grant amounts when a subsequent ISIR is received from the Central Processing System (CPS) with a revised EFC amount.

Once a student posts attendance in all course(s) and the Add/Drop Period is completed, the Financial Aid Office will not recalculate the amount of Pell Grant awarded for that Payment Period.

E. Federal Direct Loan Programs

The ED provides financing opportunities in which students (or in some cases parents) can borrow money to cover a student's COA at a postsecondary educational institution. Subject to other eligibility requirements, students are required to have an Enrollment Status of at least Half-Time (6+ credits per Semester) to be eligible to participate in the Federal Direct Loan Program. Students are required to meet Satisfactory Academic Progress (SAP) as further defined in A8 -SAP policy. Students are required to complete Entrance Counseling, a Master Promissory Note (MPN) and Exit Counseling when student's Enrollment Status drops below Half-Time. Annual and aggregate Federal Direct Loan Limits are published annually in the SOMI College Catalog. SOMI offers Financial Aid Counseling sessions with the Financial Aid Counselor to assist students with financial awareness and literacy as it relates to any source of financial funding used to defer the student's COA.

POLICY

Federal Direct Subsidized Loan

A Federal Direct Subsidized Loan is a Need-based loan that provides an interest subsidy, meaning interest does not accrue on the principal amount of the loan until the student completes his/her academic program. Federal Direct Subsidized Loan amounts are determined by Need, Grade Level, Dependency status, annual and aggregate loan limits. Similar to Federal Pell Grants, Federal Direct Subsidized Loans are subject to a Subsidized Usage Limit Applies (SULA) restriction in which students cannot utilize Federal Direct Subsidized Loans for more than one hundred fifty (150) percent of the published program length. As it related to SOMI, SULA restrictions are two and a quarter (2.25) years (27 months). Published program length of 72 weeks * 150%. The Financial Aid Office monitors SULA, which is also indicated on the SAR/ISIR, and has established internal controls to prevent Subsidized Loan awards in excess of SULA.

Federal Direct Unsubsidized Loan

A Federal Direct Unsubsidized Loan is not based on financial Need. Unsubsidized Loans are not subject to interest subsidy, meaning interest begins accruing once the loan is disbursed to the Student Account. The student may choose to pay accrued interest during the period of enrollment. If accrued interest is not paid during the period of enrollment, such interest is capitalized with the principal amount of the loan at the time the student begins repayment. Federal Direct Unsubsidized Loan amounts are determined by Grade Level, Dependency status, annual and aggregate loan limits. The amount of Unsubsidized Loans awarded is determined by Grade Level, Dependency status, annual and aggregate loan limits.

Federal Direct Parent PLUS Loan

A Federal Direct Parent PLUS Loan is a loan in which the parent of a dependent, undergraduate student is able to borrow to help pay for their child's (the student's) COA. The parent is the borrower of a Federal Direct Parent PLUS loan and loan approval is based on the parent's credit rating. Federal Direct Parent PLUS Loans are subject to further eligibility requirements that include (1) the parent borrower must be the student's biological or adoptive parent. In some cases, the student's stepparent may be eligible, (2) the student must be a dependent student who is enrolled at least Half-Time (6+ credits per Semester), (3) generally a student is considered to be dependent if s/he is under 24 years of age, has no dependents of their

POLICY

own, is not married, is not a veteran or active duty member of the military, is not a graduate or professional degree student and is not a ward of the court, (4) the parent borrower must not have an adverse credit history (if a parent borrower does not pass the credit check, in certain circumstances additional actions may be taken), (5) student and parent must be U.S. citizens or eligible noncitizens, (6) student and parent must not be in default on any federal education loans, (7) student or parent must not owe an overpayment on a federal education grant and (8) student and parent must meet other general eligibility requirements for the federal student aid programs. Parent PLUS Loans are not subject to interest subsidy, meaning interest begins accruing once the loan is disbursed to the Student Account.

F. **Student Responsibilities as Participants in Title IV Programs**

Students who participate in Title IV Financial Aid programs administered by SOMI are expected to be compliant with Title IV Regulations and to provide accurate and timely information to the Financial Aid Office. By participating in Title IV Financial Aid programs, the student is responsible for the review and understanding SOMI's Financial policies including, by not limited to, all policies related to the Financial Aid Office and Business Office (Student Accounts). Students are strongly encouraged to obtain Financial Aid Counseling from SOMI's Financial Aid Counselor. Students are further responsible for ensuring that Federal Direct Loan Entrance and Exit Counseling is completed within the required timeframe, an active Master Promissory Note (MPN) is on file with the ED, completion of Verification and Conflicting Data process is timely, as further outlined in FA3 Federal Financial Aid Verification & Conflicting Data policy, providing information regarding Unusual Enrollment History (UEH), maintain SAP and further requirements as promulgated under Title IV Regulations.
