Policy/Procedure

Policy Manual: School of Medical Imaging
Section: Student – General

Areas Affected: Students

Page 1 of 1

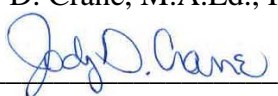

POLICY STATEMENT:

The School of Medical Imaging Radiologic Technology program participates in the U.S. Department of Veterans Affairs (VA), the state approving agency for veteran’s education and training.

Veterans, active service members, spouses and dependents may use Veteran's Affairs benefits and/or Tuition Assistance. It is the responsibility of the veteran to initiate the application for VA benefits and supply the proper documentation to the School. When proper documentation has been received, it will then be reviewed by the School’s Certifying Official. The School will certify the student’s enrollment after the add/drop date each semester.

The school will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

RESPONSIBLE PERSONS: Program Administration
